Course Overview

Do you want to share your love of animals with others, bringing the unique benefits of human-animal interaction into the lives of those that need it most?

Do you want an education that spans the breadth of animal assisted therapy, education and activities?

Our comprehensive program will give you the skills you need to participate in an existing program or to get started building your own. Students will examine how contact with animals can enhance human well-being in such fields as health care, social services, psychology, psychiatry, education, allied health, therapy, and many more. The course explores conceptual frameworks, research, and practical techniques that will empower you to introduce animals to a variety of settings. It will enhance your personal growth and professional development.

The course will teach you to:

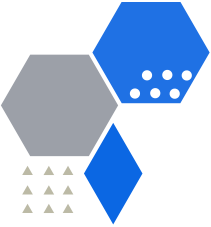

- Work with animals in an educational or therapeutic setting
- Correctly interpret human and animal body language
- Understand animal cognition and emotions
- Build safe & effective programs
- Anticipate and resolve potential problems
- Understand the legal and ethical issues
- Work with a variety of personality types
- Create animal enrichment programs
- And much, much more!

Entry Requirements

To be eligible for this course, you must:

Animal Assisted Services Skill Set

Course Subjects

While completing the **ACMSS00035 Animal-Assisted Services** qualification from the Pet Stylist Academy, you will study the following subjects:

ACMBEH301 Identify behaviours and interact safely with animals

ACMAAS401 Manage Animals and Facilitate Human-Animal Interaction in Animal-Assisted services

ACMAAS402 Apply Disability Awareness to Animal-Assisted Services

Course Delivery

The course is delivered using a blended approach - **Online** and **Practical Training**

The **theory** (knowledge) is taught and assessed using our 'Online Learning Centre' with printed learner's guides. This allows you the flexibility to study when it suits your schedule. You won't need to attend any on-campus classes for the theory component. We've designed the course to fit around your work and lifestyle.

The **practical training** (hands-on) and practical assessments are completed at the academy under the guidance and support of our qualified teachers and dog trainers for 1 week full time. This ensures the student is taught the hands-on skills required to become a qualified in animal assisted therapies while being guided by our team. During the practical training, the students will be using the knowledge they have gained and be taught the skills required to work with dogs to support people with physical disabilities, special needs and implement programs to improve the lives of children, the elderly and those with mental health issues.
